Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This is the world's wake up call. This is the wake up call that nobody wants to answer, though. Nobody wants to answer it because it deals with the world's biggest and worst addiction, that of glucose. If you like bread, you're addicted to glucose and it's costing you far more than you could ever imagine. It's costing you your health and awareness. Every bite of bread or pasta you eat, you're losing part of your brain and there's nothing you can do about it. The only way to stop the damage is to curb your carbs. GMO seed has changed the nature of this food so that it's no longer healthy to eat. Now, it's downright unhealthy to eat. If steps aren't taken to curb the use of these carbs, a world of pain and discomfort is in line for all those who continue to consume their bread, cereals and pastas. I offer a cure. I offer a road to that cure by telling you how to break the addiction.
